Highlights	<ul style="list-style-type: none">• Large buffer of trays• Automatic placement of product into tray• Integrated programmable control unit• 100 % electrical denesting• Product has no contact with line personnel during the whole process• Designed for industrial cleaning• Space-saving compact solution

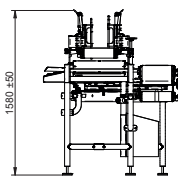

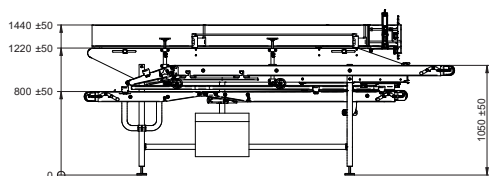

About the product

INTRAY Easy Loader 120 ensures high volume, high speed denesting and automatic placement of a product in the tray. It requires very little space compared to the output. It processes up to 120 portions per minute.

INTRAY Easy Loader 120 comes with a customized Smart Tool for your tray. The control unit is built into the denester.

Hygienic handling

The INTRAY Easy Loader 120 is completely automatic. No human hand is physically in contact with the product, which ensures top level hygienic handling.
