CUSTOM-MADE TRAY DENESTING TOOL

Specifications

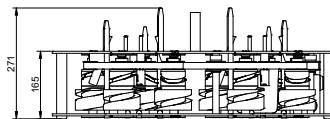

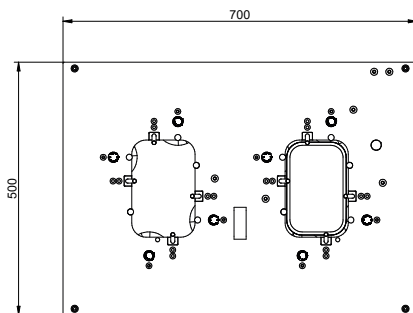

Size	500 x 700 mm
Weight	24 kg
Maximum tray size	Tray depending
Capacity	Up to 400 trays per minute (tray depending)
Drive mechanism	Suitable for the electrical INTRAY denesters

About the product

INTRAY Smart Tool Twin denests and transports two rows of trays simultaneously from the stack through the twin tool arrangement onto the conveyor below. It has advanced patents and is tray custom-made, thus ensuring perfect denesting of every specific tray. The Smart Tool Twin is a guarantee of fast, safe, easy and clean tray denesting.

Smart Tool Twin is suitable for all twin INTRAY denesting machines. It has an open design that makes it easy to clean thoroughly.

The Smart Tool Twin can be removed in less than 30 seconds and a new Smart Tool Twin placed in the same time. Production stop to restart takes less than 1 minute.
